

Screw-in thermocouples with terminal head Form B

- for temperatures from -200 to +800°C
- available with different thermocouples
- as single or twin thermocouple
- terminal head Form B, BUZ, BUZH, BBK
- available with transmitter

Technical data

Terminal head	Form B DIN 43 729, aluminium die-casting M 20x1.5; IP54, ambient temperature -40 to +100°C Form BUZ, aluminium die-casting M 20x1.5; IP65, ambient temperature -40 to +100°C Form BUZH, aluminium die-casting M 20x1.5; IP65, ambient temperature -40 to +100°C Form BBK, plastic, M 20x1.5; IP54, ambient temperature -30 to +130°C Caution: reduced ambient temperature when using transmitters, Data Sheet 70.7010
Extension tube	stainless steel 1.4571, length 130mm
Process connection	thread, stainless steel 1.4571
Protection tube	stainless steel 1.4571, 9mm dia.
